

Hampton Township
April 2011 Public Hearing
04/19/2011 7:00pm

Planning Commission Members Present

- * Jeremy Irrthum
- * CaSondra Schaffer
- * Mike Tix
- * Larry Runyan
- * Dave Peine

1. Meeting called to order by Jeremy Irrthum.
2. Public hearing regarding zoning-Section 629 Accessory Building Permits, to change the number of buildings with 5 acres of property.

A public hearing was called so that anyone could come and talk about concerns and questions about the ordinance. The planning commission held the open meeting. People asked questions, there were questions about if a building would be too large for a lot. The ordinance has a formula that takes the square footage and also the height into consideration, the ordinance takes the lot size by 4.5 percent, regardless of lot size. After all the discussion about Section 629 Accessory Building Permits to remove limit of the number of building on 5 acres, there was no one opposed to the change. The planning commission made a motion for board approval. The planning commission unanimously approved.

Motion to adjourn by Larry Runyan
Second by Dave Peine
Unanimously approved

CaSondra Schaffer
