### **Mike and Bonnie Rapp**

**612-598-2409**

- Permit for new 36x48 she @ 25139 Lewiston Blvd

105 foot from center of road. 20 feet off property line. 17.78 acres so good with percent of lot size versus out buildings

**Cassandra Schaffer made a recommendation that the Board of Supervisors approve the shed for Mike and Bonnie Rapp since the meet the setback from the road and property line and they have enough acreage for outbuilding. Dave Peine seconded. Motion carried.** This will be used for storage so it is not an AG building.

### **Tammy**

**952-465-2463**

- Representing a party who wondered if 4 ponies were allowed on PID#17-03000-01-040

The said PID is a 3 acre parcel in section 30. Currently there is just a shed there. There is nothing that the Planning Commission found in the Ordinance that prohibits this but the Planning Commission cannot make a motion without the asking party present. The realtor (Tammy) can come before the Board of Supervisors for a final decision.

**Cassandra Schaffer made a motion to adjourn the meeting @ 7:50pm. Matt Bester seconded. Motion carried. Meeting was adjourned.**
